The Scheme for the reduction of the Diam measure having been approved by the Govt of India, I expect to be able to introduce it on 1st June 1889 — The reduction will be from 1/48 to 1/64 of a Gallon. The proposed alterations of rates &c. involved are shown in detail in para 2 of my letter to the Resident No 20 of 5 Dec 1888.

2. Under the Scheme the Establishment Cess payable by the Contractor will be raised to 1 Annas from ½ Annas for the City & Station, and to 3 Annas 2 Pies from 6 Pies for remainder of the Province —

The No of Gallons issued during last year were as follows: —

Station 93,902
City 43,626 } Gallons.
Provincial 201,431

The new rates of Establishment-Cess may when the above figures of issue be expected to bring us the following sums:

Station .. Rs 5,874
City 2,726
Provincial .. 39,866
Total 48,466

The present realizations from Establishment-Cess are

Station. Rs. 2,937
City 1363
Provincial. 6,294
Total 10,594

The Cost of present Establishment

is Rs. 23,764. out of which
Rs 10,594 is recovered
from the Cess at present rate

The difference charged to Excise Revenue proper is Rs. 13,764 – Having regard to the increasing importance of this item of Revenue Ulsterse this last named amount shd. not be reduced to any considerable extent. Adding to this amount the total estimated income from the proposed increased Cess, the following results are obtained.

Present expenditure for Excise Revenue proper.	13,764
Estimated income from Est. Cess. . . .	48,466
Total.	62,230

Leaving a margin for possible falling off in Consumption, the total

Expenditure upon Establishment
may be fixed at Rs. 57,000,
which will be the maximum
Charge allowed.

The Special Asst's Statement
for a revised Establishment
Costing Rs 64,043 should
accordingly be recast with
reference to the foregoing
remarks.

About 70 new hands will
be required altogether for
the revised Establishment.

Endeavour should be
made to employ as far as
possible the hands thrown
out by reduction of the
Cutcherie, provided of course
they are fully qualified

[illegible] I would leave full
instructions for the proposed
Executive Committee, the Cost of whose Salary

and Establishment were
be included in the
above named limit
of Rs 57,000 per annum -
So that his appointment
will not be a burden
to the State, but on
the other hand the State
will save something by
present Expenditure, by
adoption of the Scheme
in question

I approve generally of the lines on which Mr McDonell's proposed Establishment Scale has been drawn up - only it will be so altered as to bring the total cost including City & Station to Rs 57,000 - The Establishment for the Station will be fixed in Communication with the Resident

For new Supervisors, testers &c. who have to be entertained

Educated men shd. be selected;
and it wd. be most conv.
venient to make the selection
from Officials thrown out
by the creation of the Anchl. Most
of these Officials, who
have been selected for re-
employment if possible,
do not know English and
may for that reason be
not qualified for some of
the new Advocacy appts
if this should be the
case the most convenient
arrangement would be
to select the men required
for the Advocacy Dept. from
among the Officials of the
Dewan's Office or of the
Offices of the Dep. Comrs. —
& in filling up the Vacan
thus created it would be
easy I hope to find Employ
for the most deserving of the
Anchl Officials —

Advantage shd. be taken
of the present opportunity to
reduce the temporary
Record Establt. of the Dewans
Office to actual present
requirements —

Some Officials from the
Dewan's Office shd. early be

x Vide Prop. of
this date on
retirement of
Anchl Officials

Selected for learning the details of the Excise work in anticipation of the Excise Comm's appointment & of the new Scheme. And I would like to have a list of the men so selected

The Excise Comm's Office has for the present to be located in one of the Govt buildings in the Bangalore Fort. Major Macintire will be requested to help in the selection of the most suitable building for this purpose. When such selection is made the Excise Comm. may have the use of some rooms in the Public Office (including if necessary my room, the Chief Secy's &c.).

Major Macintire will be requested to give his opinion as whether room cannot be found in the Dy Comm's Office for the new Excise Office, if necessary by asking that the Reading Room &c. be transferred from there.

The Special Asst: Supt. I think he
the head of the Excise Comm' Office,
and help him in office work
~~and be available for Executive~~
~~duty. But he must not be taxed to the~~
~~detriment~~, but he must
Continue to be responsible
for the proper working of
the Central Distillery & must
pay frequent visits to it,
besides inspection throughout
the Province under the Control &
General instructions of the Comm'

The portion of the Establishment
paid from the Cess should
be answered by temporary for
one year -

Kishenchandra Jt

4 April 1859

The Special Asst: will
at once make arrange-
ments for having the
new Drain measures made
in the Central Jail as far as
practicable & therefore if
the Jail Comm' & the Work
Work - The Dy Comm' will be requested to help in the distribution
of the new Drain measures

Has the honor to enclose copy of a note by the Excise Assistant Commissioner and of its enclosures, and to request sanction to draw and retain in deposit Rupees (11,341) the net savings from the Establishment Estimates, after excluding that for the Civil and Military Station.

2. The above amount will be utilized for entertaining a Special Detective and preventive Temporary Staff to put down illicit distillation and import of Contraband liquor across the frontiers into Mysore, and in the purchase

purchase of instruments &c See Statement B.

3. As the Staff can work only a few of the now in the Mulnad where the rains are heavy the proposal to transfer temporarily some of the Supervisors and Testers of the permanent Establishment is a good one, and the Excise Commissioner would recommend it for approval. Temporary promotion will be given to the lower grades of the Excise Staff to fill the vacancies thus created. This will be to the benefit of the Department, as the new hands entertained in the last-grades will have gained some practical experience in the work of the Department, which will enable them to take berths when vacancies occur.

The favor of orders being passed on this reference before the year closes, is solicited, as otherwise the Savings will lapse.

Yours faithfully

Note by the Excise Assistant Commissioner.

---

1. Under the new scheme, the dram measure was reduced by 100 minims. By this step, it was contemplated the consumption would fall by 6¼ per cent, and the Revenue to the same extent. Practically, the issues from the Government Distillery have been considerably more from 1st June 1889 to 28th February 1890 than they were in the corresponding months of the previous year. The result has been that the Establishment cess for the City of Bangalore and the rest of the Province alone excluding that of the Station has left a surplus after meeting the Budget allotment, and certain Special charges debited to "Savings" of Rupees 10,000

2. When the Schedule was framed, the full amount of the cess calculated on the results of the previous year was proposed to be absorbed. But to leave a margin, and obviate any loss to Government consequent on the reduction of the measure producing a corresponding reduction in the Revenue

the full sum was not utilized.

3. As the Executive Staff provided in the new schedule is almost wholly confined to the inspection of the retail Shops, which lie scattered all over the Country, and as the detective Staff specially entertained is very weak, orders are solicited to utilize the surplus of the sum available in the entertainment of a Temporary Establishment for detective work. As the principal drawback is the want of efficient hands acquainted with the Abkari Laws and a certain amount of detective ability to work as detectives, it is proposed to transfer at once to the detective Branch, such of the Supervisors and Testers of the General Branch as will be found useful for this purpose, and to the extent of the Funds available. The services of those thus transferred will be replaced by temporary staff. The Excise Officers transferred to detective work will be given a personal allowance as an incentive to exert themselves and compensate them also for the arduous and dangerous work for which it is proposed to appoint them.

If

It is absolutely necessary that they should be invested with the powers of Police officers, for the want of which several cases have fallen through, and though conviction was obtained, the Magistracy have found fault with them for acting illegally.

As the Establishment cess has been recovered with the specific purpose of providing a strong and efficient staff to put down evil practices and suppress the system of illicit distillation which appears rife, especially in the Inland tracts, it is solicited that in the interests of the public, the Contractors and Government, the full sum available from the cess may be absorbed to attain these very desirable objects. Orders are therefore solicited to draw that money and hold it in deposit to pay the Staff proposed to be entertained for this purpose. If sanctioned, a supplemental schedule will be submitted in this behalf, and the men delegated to the work in anticipation of sanction. It is better to have a strong active preventive staff than a small weak detective staff.

7. The Government approves of the Excise Commissioner's proposal to employ upon the temporary Establishment above sanctioned, the present staff of Assistant Supervisors and Excise officers and to fill the places of the latter by new hands temporarily. The proposal to employ the detective staff in the Malnad for a part of the year and chiefly in the Maidan during the remainder of the year is also approved. The work of each member of the detective staff should be carefully watched and the idle and careless men should all be weeded from it after due trial. A brief report of the progress made in detection should be submitted at the end of six months from 1st April 1890.

8. With the foregoing sanction the Excise Establishment will stand as follows during 1890 to 1891 :—

	Cost per Month. Rs.
Establishment according to scale in force up to 31st March 1890, (para 2 above)	4,681

Increase sanctioned, (para 5 above)	20
Temporary additional Detective Staff sanctioned in para 6 above	738
Total per Month....	5,474
Total per Annum....	65,688

9. To the above must be added the following sanctions which shall have effect from the periods noted below :—

	From 1st June 1889 to 31st March 1890 at Rs. per annum.	For 1890 to 1891. Rs. per annum.	
1. Contingencies including Stationery ...	480	500	
2. Printing	250	300	
3. Travelling Allowances to officers not drawing Horse Allowances ...	262	*1,000	* Includes Travelling Allowances for the Excise Commissioner.
4. Furniture and Instruments	200	500	
5. Rewards and secret service for detection, &c.	236	500	
Total per Annum.....	1,428	2,800	

10. The total sanction for Excise Charges for 1890—91 is thus :—

For Establishment	.. ..	65,688
and for Contingencies, &c.	.. .. ..	2,800
	Rupees....	68,488

Per contra the income from the Establishment may be expected to amount to about Rs. 58,992, leaving about Rs. 9,496 to be provided out of Provincial Revenue.
